

SHUTTLE

Rock for People visitors can use the public trams and buses of Hradec Králové on their way to the airport or the city center. In the immediate vicinity of the Festival Park is bus stop Letiště (bus #15 and #25) or U Lupinků in Hradec Králové - Pouchov (bus #13). We will gladly provide you with detailed transportation schedules at the Information Point.

Shuttle Bus

(Main Railway Station - Festival Park - Main Railway Station)

There is a clearly marked bus which festival-goers will be able to use for free; just show your valid ticket (bar code) or a festival bracelet. This year we have significantly enhanced the shuttle service thanks to a grant from the city of Hradec Králové.

OPERATING CASH DESKS / BOX OFFICES

FRI, JULY 1	12:00-22:00
SAT, JULY 2	12:00-22:00
SUN-TUE, JULY 3, 4 and 5	12:00-22:00

SAFETY

Looking after your safety this year will be 250 visibly-labeled staff members in 170 positions. These are trained people who will happily provide you with all available information on Rock for People and also act as stewards for the event.

If you encounter any problems, for example unhelpful security, problems with the health services, overflowing toilets, bad food in a booth, or anything else then please contact us either in the Information Stalls or at the Information Desk on telephone number (+420) 602 782 587. We will try to resolve your complaint immediately.

PHOTOGRAPHY, FILMING, & RECORDING

You are not allowed to bring professional photo apparatus, cameras or other recording devices into the Festival Park. At the entrance and other places in the arena, visitors will be subjected to checks by security guards. You will be refused entry if you are carrying any of the above devices. Visitors can bring only non-professional automatic cameras which do not use an external flash. This measure has been introduced because of the contract limitations of some performers, especially the headliners. Thank you at this point for understanding and respecting the situation.

ID BRACELETS

When entering the festival area, and at random checks within the area, every visitor is required to show their ID bracelet to the security service. If you have an invalid bracelet or cannot show your bracelet, you will not be allowed to enter the festival arena, and/or be removed from the arena by security guards.

INFORMATION POINT - SEZNAM.CZ

Visitors this year will have two Seznam.cz Information points at their disposal. Here you can ask questions and find out actual information about the program, any timetable changes, and about the service area. You will also find information about departures and arrivals on transport links to and from Hradec Králové and about shops or restaurants nearby. The first Info Seznam.cz point is traditionally at "the cross" in the Festival park (opening hours 9:00 to 18:00). The second 24-hour zone is in front of the main gate to the complex (opening hours 11:00 to 23:00).

BASIC INFORMATION SERVICE

INTERNET / T-MOBILE & T-MUSIC

The popular t-music zone will be prepared with 500 charging stations for mobiles. There will also be 10 laptops available with internet access and a free wi-fi zone in the vicinity.

Another visible point will be t-music sky - housed in a double decker tent. On the ground floor will be football and an oasis of technology, where visitors will be able to see the latest phones and tablets. The upper part gives T-Mobile customers and their friends the chance to view the t-music stage. We have prepared a present for you here in the form of a T-mobile raincoat or a little T-mobile seat.

CZECH RAILWAYS TICKETS - TRAIN + ROCK FOR PEOPLE 2011

Attention! All who have used the festival tariff train fare for Rock for People 2011 must have their ticket stamped. The place to have your ticket stamped is a 24-hour zone in front of the entrance to the Festival Park. Without the stamp, the original Czech Railways ticket becomes invalid and for the return journey you will be required to pay the remaining full fare and possibly a fine.

FOOD & WATER

Bottled drinking water at the festival is distributed exclusively in special booths at a cost of 20 CZK per 1.5l bottle. Drinking water is also available in the washrooms. In the case of hot sunny weather, please drink alcohol sensibly and keep yourself hydrated.

BEER & OTHER DRINKS

Staropramen will offer a broad portfolio comprising of six types of beer: Staropramen Cool Lemon, Light, Eleven, draft non-alcoholic, Lager and Granát. Maximum comfort is ensured this year with 142 beer taps located throughout the arena. We will be ready to provide seating for more than 3,500 visitors. Experts from the brewery will control the quality of draft beer, focusing on the beer temperature, the rate of demand for beer, and good measures.

FIRST AID

This year they are two First Aid points available. In the 24-hour zone in front of the main entrance gate there will be first aid for some matters like wasp stings, minor injuries, etc. If you have any problems during the night in the campsite, we can treat you here or you can call an ambulance and arrange transportation. There is an established medical infirmary set up in the same place as always. Here we will take care of you in the event of a major problem. If you need to keep your medication in a cool place, please arrange it with our health service.

In the event of an accident away from the festival medical services, call 155 or 112.

LOCKERS

We will provide lockers for people in the campsite to store their valuables this year. This service will be located at the entrance to the Festival Park. This year's new feature is the t-music 'Festival Lockers', which are located within the Festival park. T-Mobile customers will have the opportunity to store their stuff here for free, others for 50 CZK.

LOST & FOUND

Any lost property should be reported directly to the organizers - ideally in the locker area at the main entrance. Essential items (glasses, credit cards, purses, etc.) will be retrieved prior to the concerts and given directly to the organizer. Other items can be picked up in the locker area if you are able to identify them. In 2010, we returned 150 lost items to owners.
